## Functions

### Entry

Depressing the inside push-button locks both levers requiring use of key outside or operation of the inside lever to unlock the door.

### Passage/Hall/Closet

Both levers always retract the latch.

### Privacy/Bed/Bath

Depressing the inside push-button locks both levers. Operation of the inside lever unlocks the door. Emergency tool can be used to unlock from the outside.

### Dummy

Pull only, one side of door trim.
